Zeplin

EXPERIENCE

2021

UX/UI Designer

UX Boutique, Florence

Re-design of the experience of existing apps and websites of prestigious Italian companies:

- Conduction of usability tests of the AS-IS
- Creation of site maps, wireframes and hi-fi interactive prototypes
- Design thinking and benchmark evaluation
- Recommendation of alternative solutions based on technical and non-technical limitations
- Presentation of UX and UI design concepts to stakeholders

2020

UX/UI Design Intern

Banco BPM, Milan

Design of the new apps for investors and regular clients:

- UAT to test the developed concepts
- Presentation of new solutions based on the existing product

2019

UX/UI Design Intern

Illimity Bank, Milan

Design for the product launch of the first Italian digital bank:

- Work organization in design sprints
- Evaluation of user requirements in collaboration with the research team
- Design thinking and benchmark evaluation
- Creation of site maps, wireframes and hi-fi interactive prototypes
- Development and communication of clear design guidelines, patterns, libraries, assets
- Presentation of concepts for review
- UAT in close contact with developers
